Responsibilities:

- Integrates data from multiple sources into utility mapping system using GIS software.
- Assist in maintaining an organized database of record drawings, plats, easements, and utility infrastructure.
- Maintains current drawings and databases of utility infrastructure.
- Gathers, organizes, interprets, and verifies data 3rd party sources.
- Collects field data using GPS equipment to acquire topographic, cadastral, and physical feature data.
- Prepares exhibits and customized maps for records, reports, and meetings.
- Compiles and organizes geographic information in the form of satellite images, geographical surveys, and aerial photographs.
- Ensures maps are annotated and compiled with the correct information, maintaining data integrity and accuracy.
- Delivers training and technical support to end-users.
- Assist in maintaining the GIS database and troubleshooting data issues.
- Coordinates with various internal and external departments such as field operations, IT, and city planning to ensure acquisition and dissemination of accurate information and data.
- Not a work from home position. Requires on-sight presence.

Qualifications:

- Equivalent to four year college degree in GIS, Geography, Surveying, Engineering Technology, Computer Science, or related field.
- 1 years related experience and/or training
- Ability to effectively communicate information and respond to questions.
- Ability to work with mathematical concepts such as probability and statistical inference, and fundamentals of plane algebra, solid geometry and trigonometry.
- Ability to define problems, collect data, establish facts, and draw valid conclusions.
- Ability to acquire and maintain Water and Wastewater Operator Licenses.
- Maintain a valid Arkansas Driver's License.
- Must be available to work regular schedule from 8:00 am to 4:30 pm – Monday thru Friday.
- Must be able to represent RWU in a professional manner.
- Problem Solving using structured practices or policies and directed as to executive and review.
- Steady and Consistent Work History.
- Proficient in Word, Excel, and ArcGIS.
- Proficiency in ArcGIS Utility Network
- Cityworks is highly preferred.
- Preferred certifications: GISP, ESRI Technical Certificate.

SECURITY / SAFETY SENSITIVE POSITION

Based on definitions in the RWU Employee Policy Manual this position meets the criteria to be defined as a Security or Safety Sensitive position. As a result of this determination any employee working in this position is required to disclose to their Department Manager or Superintendent the use of any prescribed medication, including marijuana, which has the potential to impact the employee's ability to perform the duties of their position.
